A Message from President Sargent

Congratulations and best wishes to the Class of 2005! You have labored diligently to reach this milestone in your educational journey, and every member of the Suffolk community is proud of your accomplishments. Now it is time to take the skills, wisdom and self-assurance you have attained here and set off on a new path. We are confident that you are ready to succeed as you choose careers or further your education, and we are honored to have served as your guides during your time at Suffolk University.

ommencement is a time of great energy, but as you focus on your next steps, I ask you to pause a ıoment and ponder the fine balance of family, community and work that makes for a well-rounded fe. Many of you gave yourselves through SOULS and service learning programs while at Suffolk; ɔu benefited from your families' support and encouragement; and you worked hard to grasp new ɔncepts, write papers and prepare presentations. It is very exciting to throw yourself headlong into new job or career, but don't forget that your families and friends also need your attention, as does ɔciety at large.

his is a time of upheaval in our nation and in the world. Please, let your voice be heard in these ıanging times. Hype for the future lies with the young, and we hope that your fresh ideas and ealism will help build bridges between individuals, social groups and nations.

s the University prepares to celebrate its Centennial in 2006, it is just as dynamic and exciting a place it was during its early years. During your time here, the University has grown, both in numbers of udents and program offerings. But Suffolk's best qualities will remain the same. We pride ourselves ı offering small classes and personal attention from faculty. Each member of our community has the est interests of the students at heart, and our goal is to offer each individual a chance to succeed.

s a Suffolk University graduate, you become one of more than 37,000 active University alumni leaders in business, education, law, public service, the sciences and the arts. We will be watching oudly as you become the leaders of tomorrow, both professionally and in the community.

e hope that you also will stay connected to the Suffolk University family. Many of you already have me to know the alumni community through internships and mentoring arrangements. Now you ve an opportunity to contribute to the education of future Suffolk students by helping to strengthen ur university. We welcome your future involvement through contributions of time, talent, counsel, pertise and financial resources. You are now a part of our future, and we ask that you provide the ntinuing support that is essential to our mission of providing educational access and excellence to l.

CLASS
OF
2005

To the class of 2005,

Over these past four years we have each made memories, forged friendships and gained knowledge that will last a lifetime. Many of these experiences started in the classroom and expanded to clubs, organizations, sports, internships and studies abroad. We've learned many valuable lessons that we will take with us as we travel down the road of life. The people we have met and the things we have experienced will shape our futures.

When you look through these pages you will be reminded of great friendships, mentors, educators and all of the amazing students who made up the class of 2005. You will remember life in the dorms, activities on the fourth floor, Walks through the Commons and endless traffic jams. All set against the backdrop of a vibrant city like no other.

Just as you as students have helped to shape Suffolk University, I know as Suffolk graduates you will help to shape your communities, this commonwealth and our country.

It has been a privilege to serve as a class officer for the past four years and your student body president this past year.

Thank you and Best of luck!

Rebecca Anne Harlow
'05
President, Suffolk University Student Government Association

Dear seniors,

I took the position of Senior Class President believing that my contributions could change all your lives at Suffolk. By mid year I realized that I had only met a quarter of you. Although my ambition had not floundered my realization of what I actually could do was coming into recognition. I shortly realized that although I did not know all of you we were somehow all connected. This university was our home for the past two, three, or four years. Some of us became involved and some of us went through the daily routine of going to classes and going home. We have memories of great nights with friends and we have memories of losing friends.

When asked to be the editor of the yearbook I excitedly accepted. The yearbook was just another avenue to meet all the seniors. The more I met the more proud I was to be the president of our class. My time here has only been memorable because of the people that I have met. It was those people who have shaped my memories of Suffolk. Even the people that I didn't meet one on one have had an effect. This university gives you a unique opportunity to take with you some of the best memories of your life. I want to thank all of you for giving me those lifelong memories. Little did I know that taking the position of senior class president would change my life here at Suffolk. I wish you luck in pursuing all your endeavors.

Proudly,
Jessica Pappas
Senior Class President

Student Life

Activities Fair

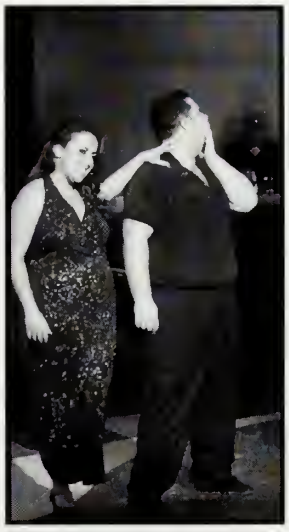
New and returning students looking for a great way to meet other students, have fun, and enhance their Suffolk University experience had to look no further than this year's Activities Fair. Cosponsored by the Office of Student Activities and Service Learning and Program Council, the Activities Fair showcased a large number of Suffolk's diverse array of nearly 75 student run clubs and campus organizations. By supporting The SOULS Community Service Center, Women's Programs, Commuter Programs and coordinating the efforts of student-run clubs and organizations, the Student Activities Office enriches the social and cultural life of the University, and helps prepare students for citizenship in a global community. Held on Tuesday, September 14th, the Activities Fair kicked off the fall semester recruitment for clubs/organizations and gave students a chance to highlight their groups and members.

Breast Cancer Walk

Faculty, staff and students walked to the front of the state house in support for the cure of breast cancer. Members of the Suffolk community gathered at the State House with President David J. Sargent and local politicians for this annual event.

Fall Fest 2004

Fall Fest is Suffolk's annual variety show and is presented each year as the official kick-off to Family Weekend. The theme for this year's show was "Celebrating 30 Years of Entertainment" in recognition of Fall Fest's 30th Anniversary. The show featured performances by current Suffolk students as well as some of alumni from past performances. In addition to the outstanding lineup of song and dance, we were able to pay a special tribute to Dr. Ilse Fang, who is credited with starting the very first Fall Fest performance in 1974.



Family Week End

Tenth Annual Family Weekend: Celebrate the Spirit of Suffolk

Family Weekend is an opportunity for students' families to spend time with their students and explore campus and city life. It is a collaborative effort between various departments, student organizations and volunteers.
